

Meeting minutes for the Caroline County Commissioners Compensation Review Commission.

Under **Section B(2)** of Legislative Bill #2025-009, the *Caroline County Compensation Review Commission* must deliver its recommendations **no later than December 15 of the fourth year of each term of the County Commissioners.**

That means:

- The Commission convenes during the fourth year of the Commissioners' four-year term (the year before the next general election).
- It must, **by resolution**, formally submit its recommendation to the County Commissioners **on or before December 15** of that year.
- The Board of County Commissioners then has **60 days** from receipt to either reduce or reject the recommendation; if no action is taken within that period, the recommendation automatically stands approved.

So, for the current Commissioners' 2022–2026 term, the Compensation Review Commission must issue its recommendation **by December 15, 2026.**
